Year 9 Sport Scholarship

Each year a number of awards are made to candidates who, whilst being academically ambitious, can make a significant contribution to the sporting success of the school. These individuals will be major Games players with the major games for boys being Rugby, Football, Hockey and Cricket and for girls being Hockey, Netball and Tennis.

It is likely that successful applicants will currently be playing one of the major games to at least county level or above. They will have made a significant contribution to the life of their current school and are expected to make the same commitment to Worth. They will also be expected to contribute to major games other than their preferred sport and in so doing, provide a role model for others.

Those selected will be expected to show initiative and possess strong personal qualities of leadership, morality/fair play and loyalty. They will have a strong desire to succeed and work well with other team players.

Award holders will be expected to satisfy the School's normal entrance requirements at the appropriate stage. The value of the award is at the Head Master's discretion, depending on the suitability and credentials of the candidate.

Application Procedure

Reports on the ability and attitude of the candidate will be required from the student's current Head, Coaches and P.E. teachers. Details of achievements and representative honours must be included on the Scholarship Application Form and copies of certificates should be included in the portfolio. Students must also complete a self-evaluation of their strengths and weaknesses and in no more than 200 words, describe the contributions that they will make to Sport at Worth.
