

## Application for Drama Scholarship, Worth School

### **Portfolio of Evidence**

If you are interested in applying for a Drama scholarship for the junior school you need to put together a portfolio of work. This should include programmes and/or information from any drama productions in and outside of school you have been involved in (including prep school); LAMDA certificates or equivalent; any other documents you deem relevant/appropriate.

### **Performance Monologue**

You also need to put together a 2 minute monologue if applying for Years 7 or 9, or a 3 minute monologue for Year 12 applications. This should have been learnt by heart and rehearsed ready for performance. This will be performed in front of the Head of Drama on the day and then a short interview with the Head of Drama will commence afterwards. You need to ensure that you choose something which challenges you and that showcases your talent and ability range. Please also provide a typed copy of the monologue on the day.

### **Reference**

The scholarship application form will ask you to provide a referee. This could be a teacher, tutor, housemistress/master or LAMDA teacher. The reference should be relevant to the type of scholarship you are applying for.
