Please note that your paper will not be completely re-marked – the senior examiner is simply checking the following:

- that the original mark was correct within certain parameters,
- that there was no major deviation from the marking scheme,
- that the marks were added up correctly
- that no parts of the paper were omitted from the marking process.
- Extra marks will only be awarded if errors exceed the permitted parameters

- Unless a higher education place depends on it, **a photocopy script must be ordered before a Review of Marking** is authorised. Once a photocopy has been ordered, only a Standard Review of Marking is available thereafter
- All Post Results requests must be e-mailed to vparsons@worth.org.uk
- **Only students** (*i.e. not parents/guardians*) can authorise Reviews of Marking;
- Please advise if you wish a copy script included with a Review of Marking
- All requests for Reviews **must** include the phrase “*I understand that marks can go down as well as up*”
